- The Atal Bihari Vajpayee Govt. Institute of Engineering & Technology Shimla is second Govt. Institute set up by the Government of Himachal Pradesh with a view to expand access to high quality technical education for young bright minds of India.
- ABVGIET Shimla was established in the year 2012 and has been in operation for more than four years. The first batch of students graduated with a B.Tech. degree in July 2016.
- ABVGIET Shimla has all required infrastructure, including highly qualified faculty members and well-equipped laboratories, for hands on experience. Students are exposed to the most modern and up-to-date curriculum and contemporary developments in various disciplines of engineering. In addition to developing excellent scientific and engineering skills our graduates have been molded into well-rounded personalities, given their exposure to working as teams on projects, developing presentation and communication skills, and actively participating in extracurricular activities.
- I heartily welcome companies in CSE/IT, manufacturing and R&D establishments, services, utility and other sectors to the ABVGIET Shimla campus for recruitment of our B. Tech graduates. You will recognize the availability of choice of bright and talented engineers with requisite skills that can solve your challenging engineering problems and add value to your organization.

About ABVGIET Shimla

ABVGIET Shimla was established in the year 2012 with an aim to produce world class engineers who would establish themselves in the higher echelons of any field they venture into.

It began with offering B.Tech. degrees in two mainstream engineering disciplines, namely, Computer Science & Engineering and Electronics & Communication Engineering at Pragatinagar, Tehsil Kotkhai, District Shimla (H.P). The institute excels in myriad fields of study at undergraduate levels.

The Second batch of the institute will graduate in May 2017 and it is a matter of great pleasure for the institute to take this opportunity to invite potential companies to experience and evaluate the dexterities, competency, skills and talent of our students and absorb them into their esteemed organizations.

Departments

➤ CSE

The Department of Computer Science and Engineering is a pioneering academic center for education at undergraduate level. The vision of the department is to strengthen student's excellence in the world of Computer Engineering. The main objective of the department is to prepare students for software technology industry, educational institutions and research organizations.

To strengthen the expertise and capability available in this field, B.Tech. was approved by HPTU. Duration of the course is 4 years in total. It trains post-matric pass-outs to explore their field of interest in computer engineering and generate passion towards their ever-growing industry. There are only 60 seats offered by Himachal Pradesh Technical University in Himachal province and our college with utter proud is happy to state that we are the only government institution to provide this degree.

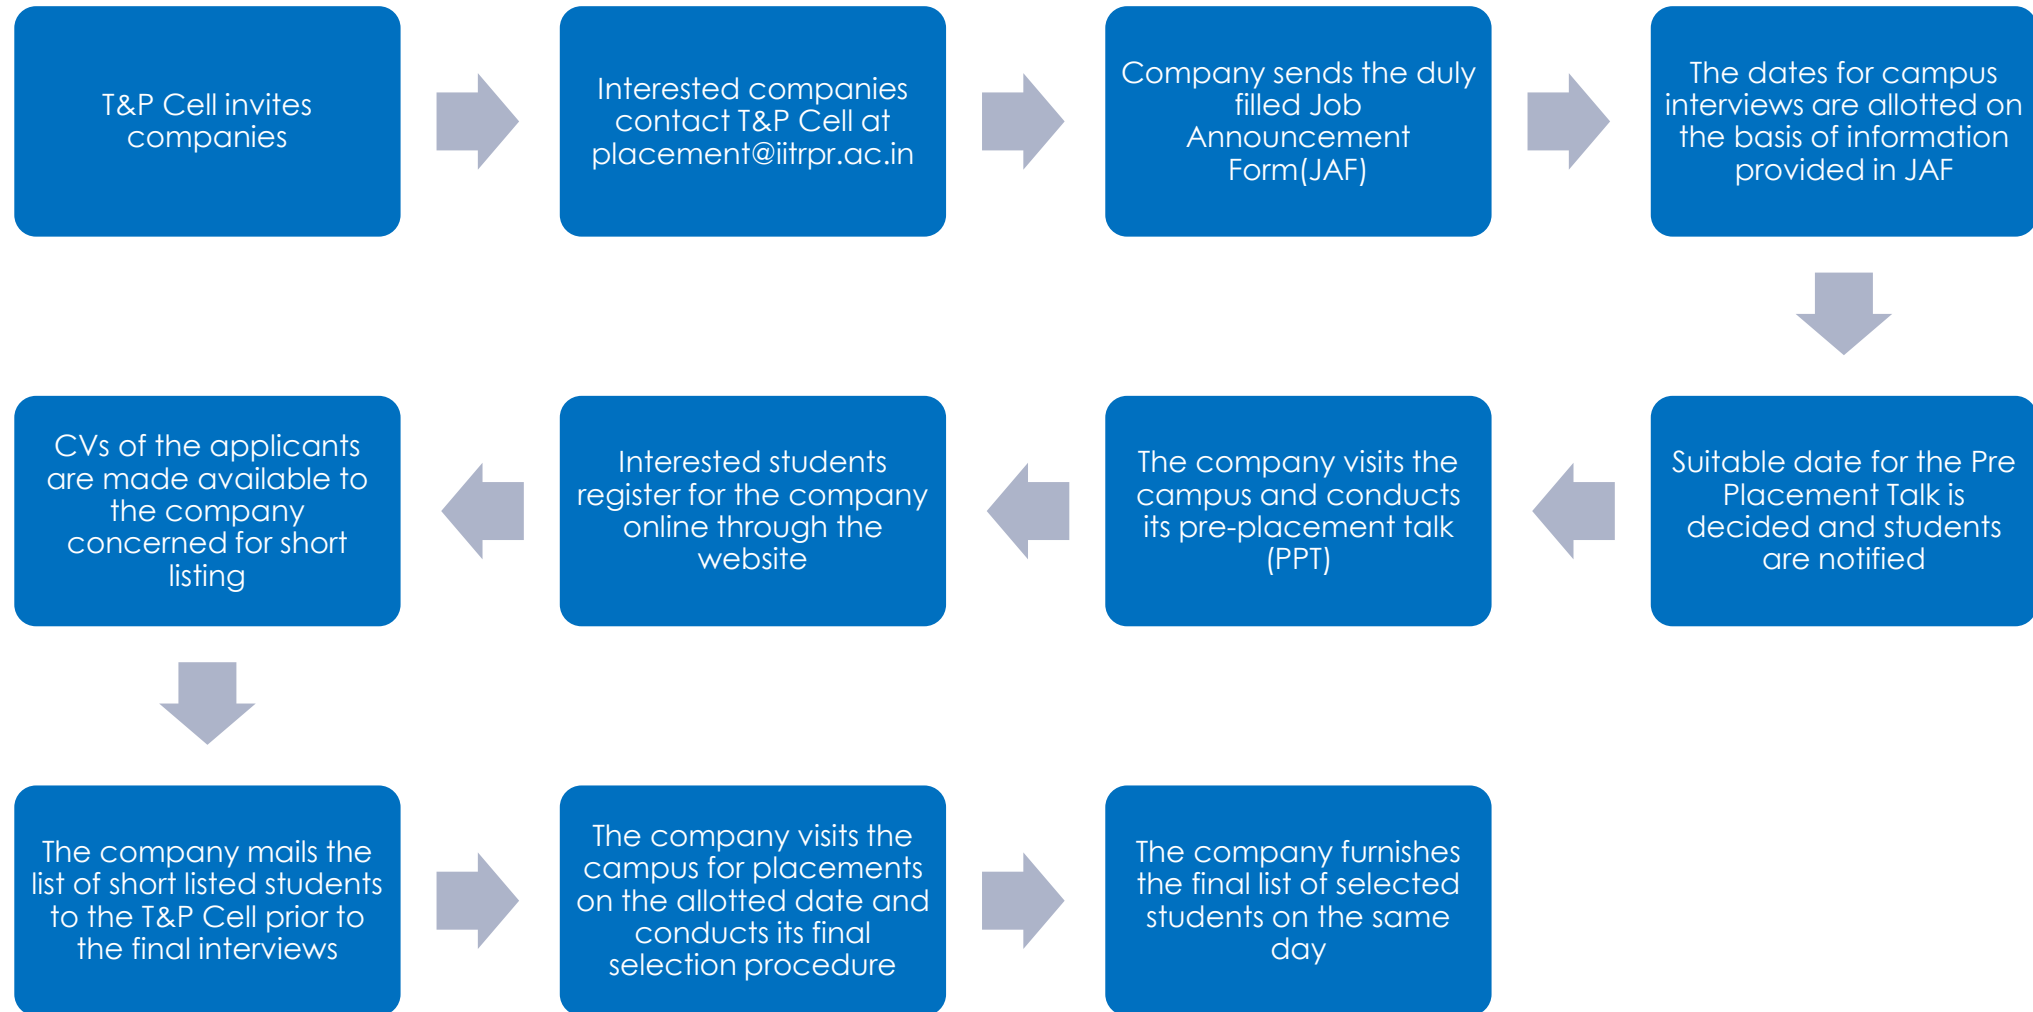

➤ ECE

The electronics and communication department of our college holds prominent position in the degree programme as it constantly favors encouragement of students to diversify their perspective. This department of ABVGIET continuously trains students to be self-motivated Electronics and Communication Engineer with a very high moral. This department withholds 60 seats for every batch.

Message from Faculty In-charge, Placement

It gives me great pleasure to invite you to visit the ABVGIET Shimla campus for the 2016-2017 placement session. Our students and graduates have earned numerous accolades from the organizations that they have worked with as interns or as employees, and I am certain that your placement team will have a very productive and satisfying visit to our institute.

The curriculum at ABVGIET Shimla is designed to not only provide students with extremely strong technical knowledge but to also hone their personal development so that they become well-rounded individuals who are an asset to any organization that they are a part of. Our students receive opportunities to learn not just through well-designed classroom and laboratory activities but also through active participation in research and industrial collaboration projects, student societies and competitions, and social service activities, and through exposure to entrepreneurship from an early stage. Apart from our exceptional students our other great strength lies in our faculty, who have performed years of cutting edge research in highly reputed organizations around the country. With active mentoring from faculty members our students are exposed to the latest technological developments in their field, enabling them to achieve their full potential.

Once again, I cordially invite you to our campus for placements and I look forward to continuing a fruitful relationship between your organization and ABVGIET Shimla .

Placement officer
